**NOTICE OF NON-COMPLIANCE and
PERMIT REVOCATION – NCPR # 04-086**

RE: HAVERHILL, FORMER CRAY OIL FACILITY, EXISTING UNDERGROUND STORAGE
TANK FACILITY (UST #A-0115613) (DES #200309090)

Dear Mr. Wright:

The New Hampshire Department of Environmental Services ("DES") is hereby notifying you that the above-referenced facility, located on 16 Smith Street, Haverhill, NH is not in compliance with New Hampshire Code of Administrative Rules Env-Wm 1401, regulating Underground Storage Facilities. On July 6, 2004 a DES inspector conducted a compliance audit at the facility. A written document, describing the deficiencies was provided to the facility representative. This document required the facility be returned to compliance within 45 days, and DES be notified of the corrective measures taken. Compliance has not been achieved. **Failure to achieve compliance with the following deficiencies within 90 days from the date of this Notice of Non-Compliance and Permit Revocation ("Notice") will result in revocation of your Permit-to-Operate on March 21, 2005. This letter contains important compliance and procedural information. Please read it carefully. Also, note that due to the non-compliance status of your facility a Proposed Administrative Fine will be issued under separate cover.**

1. Env-Wm 1401.18 Permanent Closure

Env-Wm 1401.18(a) requires all registered steel underground storage systems without corrosion protection to be permanently closed on or before 25 years after the date of installation. When the date of installation is unknown, the system shall be permanently closed by October 1, 1995. DES has determined that an unknown aged UST system without corrosion protection which has not been permanently closed exists at the above-referenced facility. This UST system must be permanently closed and a closure report in accordance with Env-Wm 1401.18 must be submitted to DES.

In addition, Env-Wm 1401.10(a) requires owners of underground storage facilities for oil to maintain financial responsibility for costs associated with cleanup of releases from systems, the implementation of corrective measures, and compensation for third party damages in the amount equal to or greater than \$1,000,000 per occurrence. Env-Wm 1401.10(c) provides that the financial responsibility requirement may be satisfied if the owner is eligible for reimbursement of costs associated with cleanup of releases from the Oil Discharge and Disposal Cleanup Fund ("the Fund"). Eligibility for the Fund is contingent upon achieving and maintaining compliance with statutory (RSA 146-C) and regulatory (Env-Wm 1401) requirement. This facility has not achieved compliance, consequently, the Fund is not available to you as a financial responsibility mechanism.

NOTICE OF NON-COMPLIANCE and PERMIT REVOCATION – NCPR # 04-086

December 21, 2004

Page 2 of 3

In accordance with RSA 146-C:4 and Env-Wm 1401.07(a), no person shall own or operate an underground storage facility without a permit issued by DES. Within 30 days from the date of the permit revocation the facility shall be closed in accordance with Env-Wm 1401.18 for permanent closure.

Based on the compliance deficiencies described above, DES believes this facility poses a potential substantial threat to the surface and groundwater of the state. Therefore, in accordance with RSA 146-C:4 and Env-Wm 1401.09, if compliance as requested above is not achieved within ninety (90) days of the date of this Notice your Permit-to-Operate (UST Permit #0115613) shall be revoked effective **March 21, 2005**. Within thirty (30) days of the date of permit revocation all regulated substances must be removed from the UST systems at this facility. If the facility achieves compliance during the ninety (90) day period, it is necessary that documentation be submitted to DES verifying that compliance has been attained.

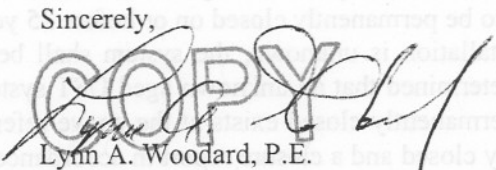

You have the right to a hearing to contest these allegations before the proposed license action is taken. The hearing would be a formal adjudicative proceeding pursuant to RSA 541-A:31, at which you and any witnesses you may call would have the opportunity to present testimony and evidence as to why the proposed action should not be taken. All testimony at the hearing would be under oath and would be subject to cross-examination. If you wish to have a hearing, one will be scheduled promptly.

RSA 541-A:31 III(e) provides that you have the right to have an attorney present to represent yourself at your own expense. If the Permit is an occupational license, under RSA 541-A:31, III(f) you have the right to request DES to provide a certified shorthand court reporter at your own expense. **Such request must be submitted in writing at least 10 days prior to the proceeding.**

You may waive your right to a hearing. If you waive the hearing, DES is prepared to proceed with the actions as stated above. You should notify DES of your decision by filling out and returning the enclosed form.

If there are any questions concerning the above, I may be contacted at the Waste Management Division at (603) 271-1165.

Sincerely,

Lynn A. Woodard, P.E.
